

## NUTRITION MANAGER OPTIONS

### **Traditional Option-Unlimited Email Access/Unlimited Client Review - \$299**

The Traditional Option is available for the same low annual fee of \$299. The traditional option still includes unlimited email communication with your dietitian. The traditional option also includes the new interactive online member center and the new review process. With the Traditional Option if you wish to work with diverse populations and a phone consultation is required there will be a fee of \$75 per telephone consultation. This fee can be paid online by the client or the Nutrition Manager. Compare this price with the typical cost of \$150 per hour for a consultation with a licensed sports dietitian.

### **Comprehensive Option-Unlimited Phone Access/Limited Phone Consultations \$499**

If you prefer to communicate online and over the phone and some of your clients have medical conditions you will want to take advantage of this option. For only \$499 per year this option offers unlimited phone/email communication with Greg along with unlimited client profile review, and also includes 2 phone consultations per client per year. Compare this price with the cost of \$150 per consultation with a licensed sports dietitian. **If you have just one client per month that requires 2 consultations the cost would be less than \$21 per consultation.**

### **All Inclusive Option - \$999**

If you prefer to communicate through email and over the phone and many/most of your clients have medical conditions you will want to take advantage of this option. For only \$999 per year this new option offers unlimited phone / email communication and unlimited client review. This option also includes unlimited phone consultations for all your clients. Compare this price with the cost of \$150 per hour to work with a licensed sports dietitian. **For just \$999 a year you receive unlimited consultations, unlimited email and phone communication with an AASDN Sports Dietitian.**

## NUTRITION MANAGER DETAILS

---

All Nutrition Specialists (in good standing) may enter the Advanced Nutrition Manager program. This program allows Nutrition Specialists to work with more diversified populations and provide specialized services by working directly with an AASDN Sports Dietitian.

The Nutrition Manager Program is unique in that it is a "Systems Based Program" with detailed instructions on everything from "soup to nuts". We instruct you on how to determine program interest and pricing in your area, organize informational meetings, incorporate group programs, individual programs, youth programs, shopping tours and more.

Nutrition Managers adhere to all state licensure laws by working directly with an AASDN licensed sports dietitian.
